CONCORDIA UNIVERSITY WISCONSIN & ANN ARBOR

Download & Install TeamViewer on Windows for Remote Access

1. On your internet browser, navigate to the following link: <u>Get.teamviewer.com/cuwit</u>

2. After a few moments, TeamViewer will begin downloading on your computer. You will see it show up at the bottom-left of your screen.

3. Once finished, click on the file to open it. If it does not open automatically, navigate to your Downloads folder and double-click <u>TeamViewer QS</u>.

4. When the following window appears, check the EULA and DPA terms and conditions box and select <u>I Agree</u>.

5. On the disclaimer shown below, select <u>Accept</u>.

6. If TeamViewer does not open, you can find it in your <u>Downloads or</u> <u>Documents</u> folder. When open, provide the ID number and password to the IT staff member.
